

FOSTACARE HAND CREAM

FOSTACARE HAND CREAM maintains the natural constitution of the skin and provides optimal, nourishing care for stressed hands. Its specially developed composition is specifically tailored to the needs of skin that requires intensive care, and the elasticity of the skin is increased. The hand cream penetrates deeply into the skin, is moisturising, breathable and leaves no unpleasant greasy film. It can also support the regeneration of minor skin damage.

Free from chemicals, crude oils and heavy metals.

Energized with the FOSTAC® technology.
